

Leaver Checklist

Close somebody's employment down tidily, so keys, kit, accounts and the handover are all dealt with rather than discovered months later.

What has to be returned, cancelled, paid and recorded when somebody leaves.

RETURN, CANCEL, PAY, RECORD

Most of what goes wrong at the end of employment is administrative: a key not returned, an account left open, a final payment not worked out. Handled as a list, none of it is difficult.
