

Livery Yard Expense and Income Record

Find out whether a yard covers itself, by putting the fees and the costs on the same pair of pages.

Livery fees in, feed and bedding out, and whether the yard actually covers itself.

ARITHMETIC, NOT ACCOUNTANCY

This is arithmetic on your own figures, not accounting advice. Whether a yard is a business, what may be deducted and what must be declared are questions for an accountant and for the rules where you are.
