

Parent Contact Log

Record contact with home factually, so what was said and agreed is on paper rather than in two different memories.

A record of contact with home: when, how, who, what was said and what was agreed.

FACTUAL, SECURE, AND KEPT NO LONGER THAN NEEDED
Record what was said and agreed, factually. This sheet holds information about a child and a family — keep it secure, share it only with those who need it, and keep it only as long as your setting's rules require.
