

Rental Property Expense Log

Arrive at the year end with a total and a filed set of receipts instead of a shoebox and an afternoon.

Every cost against one property, categorised, so the year end is a total rather than a shoebox.

DESCRIPTIVE CATEGORIES, NOT TAX ADVICE

What may be claimed against rental income differs by country and by circumstance, and changes. The categories here are descriptive only — they are not tax codes and they are not a claim that anything is deductible. Ask your accountant.
