

Tournament Draw Sheet

Run a knockout competition on one sheet, with results written in as they come back rather than held on a phone.

A knockout draw on paper: rounds across the page, with room to write results as they come in.

SIXTEEN PLACES, BYES ARE YOURS TO ALLOCATE
Sixteen entries into a final. For a smaller draw, give the byes out in the first round and write them in — how byes are allocated is your competition's business, not ours.
