

Wood Burner and Fuel Log

See what a heating season actually costs and which supplier and which fuel behaved best, rather than remembering it vaguely by March.

What fuel came in, from whom, how much of it there was and what it cost — plus room to say how it burned. One line per delivery, bag or load.

FUEL RULES ARE LOCAL — CHECK YOURS

Which fuels may be burned, and where, is set locally: rules differ by country, region and sometimes by street, and they change. Check what applies where you live — this sheet records what you bought and burned, it does not tell you what to burn. Sweeping, flue condition and certificates belong on the Chimney Sweep and Stove Record, which is a separate sheet.
