

Yard Inventory and Equipment Record

Record whose property is on the yard at the point it arrives, which prevents almost every argument about a missing rug.

Rugs, tack, tools and equipment — what the yard owns, what belongs to whom, and what has gone out.

RECORD WHOSE IT IS WHEN IT ARRIVES

Yards accumulate other people's property, and most of the disagreements are about rugs. Recording whose it is, at the point it arrives, prevents almost all of them.
